## Service Exchange Program

*July 11-August 9, 2009*

Would you like to experience living in an intentional spiritual community? Sunburst, founded by Norman Paulsen, direct disciple of Paramahansa Yogananda, offers such a place!

Stay for up to one month, living, meditating and participating in service projects together. Enjoy enriching classes in spiritual practice and conscious living.

Join in learning permaculture-based landscaping, organic gardening, meal preparation and more.

Our bi-annual Meditation Retreat, which teaches the awakening and liberating Kriya technique, is included if you attend through August 9th. Fun activities and free time will also be available throughout the month.

*Suggested donation to cover costs is \$100 per week.*
